

REPUBLIC OF KENYA

COUNTY GOVERNMENT OF NYERI

MUNICIPALITY OF NYERI

CFSP 2026 and Medium-Term Expenditure Framework 2026/27-2028/29 Public Participation Report

FEBRUARY, 2026

COUNTY GOVERNMENT OF NYERI
MUNICIPAL MANAGER
MUNICIPALITY OF NYERI
P. O. Box 1112-10100, NYERI.

Introduction

The County Government of Nyeri initiated a comprehensive public participation process as part of the development and review of the County Fiscal Strategy Paper (CFSP) and the Medium-Term Expenditure Framework (MTEF) Budget Estimates for the fiscal years 2026/2027 to 2028/2029. This initiative underscores the county government's commitment to inclusive governance and the principles of public accountability and transparency. The process aimed to gather input, suggestions, and insights from the residents of Nyeri County to ensure that the fiscal planning and budgetary allocations reflect the community's needs and priorities.

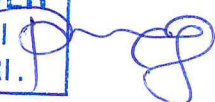

In line with this, the county scheduled public forums on February 10th, 2026, across various sub-counties and an online virtual public forum on February 12th, 2026. These forums represented a critical opportunity for stakeholders, including residents, business owners, civil society organizations, and other interested parties, to contribute to the shaping of the county's fiscal policies and budgetary priorities for the upcoming years. In collecting the opinions, the county government emphasized that all proposals and submissions must be in aligned with the Annual Development Plan (ADP) and the County Integrated Development Plan (CIDP), in an effort to ensure that the budgeting process is strategically aligned with the county's long-term development goals.

Participants were also encouraged to make submissions in writing directly to the County Treasury. With regard to this, the county provided contact information to facilitate this process, ensuring that all community members have the opportunity to participate and contribute to the fiscal planning process.

This report aims to document the public participation process, capturing the range of inputs received, as well as the key themes and priorities identified by the community. The report will serve as a vital tool for the County Government of Nyeri in making informed decisions that reflect the collective aspirations and needs of its residents, thereby fostering sustainable development and enhancing the quality of life within the county.

During the session, participants from the Municipality reviewed the progress made in implementing the Municipality's IDeP 2024–2029.

**REPORT ON PUBLIC PARTICIPATION FORUM ON THE DRAFT TARRIFS,
PRICING POLICY AND REVENUE MOBILIZATION STRATEGY HELD ON 26TH
NOVEMBER, 2025 AT WAMBUGU AGRICULTURAL CENTRE**

1.0 Introduction

This report presents the proceedings and outcomes of the Public Participation Forum on the Tariffs and Pricing Policy and the Revenue Mobilization Strategy held on 26th November, 2025 at Wambugu Agricultural Centre. The forum was convened by the Department of Finance in line with constitutional and statutory requirements on public consultation.

2.0 Objectives of the Forum

1. To present the draft Tariffs and Pricing Policy for public review.
2. To present the Revenue Mobilization Strategy outlining measures for enhancing own-source revenue.
3. To collect public views, concerns, and recommendations.
4. To promote transparency, accountability, and citizen participation.

3.0 Attendance

The forum was attended by members of the public, business community representatives, county officials, and Representatives from the Nyeri Municipal Board. (See Annex 1 for attendance list.)

4.0 Methodology

The forum consisted of:

- Opening remarks and introductions
- Presentation of the draft Tariffs and Pricing Policy
- Presentation of the Revenue Mobilization Strategy
- Plenary discussions
- Responses by county officials
- Closing session

5.0 Summary of Key Presentations

The forum was opened with a word of prayer led by one of the business community representative.

Opening remarks and introductions

COUNTY GOVERNMENT OF NYERI
MUNICIPAL MANAGER
MUNICIPALITY OF NYERI
P. O. Box 1112-10100, NYERI.

The Deputy Director of Revenue, welcomed all attendees and introduced the attending County Officials.

The Deputy Director for Civic Education explained the importance of public participation and the need of citizens to attend and engage. She emphasized the importance of **Public Participation** as a vital platform for citizens to ventilate opinions and complaints.

The Chief officer Finance and Accounting provided an overview of Both the Tariffs and Pricing Policy and The Revenue Mobilization Strategy. Each Chief Officer Present presented the Tariffs Determination section of their department. The following subjects were presented.

5.1 Tariffs and Pricing Policy

- Rationale for tariffs and pricing Policy
- Background of the Policy
- Policy Objectives
- Preface
- General Principles Guiding the determination of Tariffs
- Tariffs determination

5.2 Revenue Mobilization Strategy

- Introduction and background of Revenue Mobilization strategy
- Approach to the Revenue Mobilization Strategy
- Challenges and gaps in Revenue Mobilization, administration and management
- Revenue Mobilization Measures and strategies

6.0 Public Views, Concerns, and Recommendations

Summary of issues raised during the forum:

Issue Raised	Concerns/Comments	Recommendations
Public sought clarification on the modalities for advertising Public Participation forums.	The citizens emphasized the need for widespread communication of policy changes through various platforms. They proposed use of Banners and circulation of the adverts to also be done through the Mosques.	Attendees were informed that adverts and notices are consistently done via social media and the newspaper. Notices are also aired in churches and will commence being aired in mosques.

Issue Raised	Concerns/Comments	Recommendations
--------------	-------------------	-----------------

Double Taxation (Sawmillers' Submission attached)	The Sawmillers raised a comprehensive issue concerning the double taxation they experience at all levels of their operation before achieving their final byproduct. This submission detailed tax concerns involving various departments, specifically Trade, Transport, and Solid Waste. An official document outlining these concerns were formally handed to the C.O. for Finance and accounting (Mr. Kioni) for detailed review	The saw millers assume that all the stages of their production are being handled by the same person, However, in most cases the person transporting the logs is not necessarily the person who uses the power saw, cuts the timber and sell the finished products. In instances where the same person cuts the timber and sells them at the same yard, we normally charge one comprehensive License. The Figure they are quoting of Kshs.25,000/- includes all other charges like refuse collection charges, fire and the Trading licence
Lack of designated public burial sites in Nyeri	The public raised concerns about the designated public burial sites which are full to capacity	The department noted the concern and notified the Public that we still have some available in Mukurweini and Endarasha
Quarry roads are maintained by quarry workers as opposed to the County	Chief Officers (Transport & Infrastructure) remarks, where she stated that one of their duties is to maintain the roads	The concerns were noted by the department and promised to improve.
The street lights in Nyeri town are not functional	the Chief Officer reported that the department has a budget for the maintenance of the streetlights	The department reported to have included funds to for replacement of the street lights that were put during Irene Nyatha's celebrations because they were a major concern

7.0 Outcomes of the Forum

Public acknowledged need for structured pricing policy and emphasized on the need to educate the citizens about the importance of public participation.

8.0 Conclusion

The forum provided a platform for citizen engagement and the feedback will guide finalization of the documents.
